What kind of housing does the University offer?

The University offers housing for approximately 2,600 students: 16 residence halls on campus house the majority of the students, while the remaining students live in University-owned houses and apartment buildings. The housing options available consist of small-to-medium size residences including traditional and more contemporary style halls, houses and apartments. The University also has an apartment-community specifically focused on bringing together domestic and international students. Regardless of the type of residence hall, bedrooms serve 1 or 2 students. All residences are located either on campus proper or on the campus perimeter within easy walking distance. They each offer wireless Internet, ports to connect TVs to cable (TVs are not provided), reliable maintenance, and 24-hour security.

Each student will have his/her own furniture in the bedroom including a bed, desk and chair, closet (or similar piece of furniture), and a dresser. The beds are size "extra-twin." The University provides an initial set of linens for the bedroom including sheets, blanket, and a pillow. Washing machines and dryers are available in most residence halls and some houses. All of these machines are coin operated and accept Royal Card operated.

The Office of Residence Life staffs each building with Resident Assistants (RAs), who are student staff members, and also has 4 Area Coordinators (professional staff) that live on campus as well. These staff members are trained to offer students support and to maintain an educational environment. Each region, or group of buildings, is supervised by an Area Coordinator who supports students through personal and academic challenges, and are also a resource for connecting with maintenance.

Housekeeping

Light housekeeping is provided in the residence halls and houses, and to a considerable extent housekeeping that custodians are able to accomplish is determined by the manner in which the students maintain their rooms. It is the responsibility of the students to remove litter from their rooms on a timely basis. Custodians do not make student beds; they are not expected to handle dirty clothes, move heavy furniture, vacuum student-owned carpeting, etc.

Mail

Mailbox assignments are made in conjunction with building assignments. Box numbers then become part of each student's mailing address. Mailboxes are located in the DeNaples Student Center. Mail is delivered once a day, Monday through Saturday. A notice is placed in a mailbox if a package, certified receipt or registered letter, etc., has arrived for student. Students then pick up their package or letter at the Mail Department office located in the DeNaples Student Center. A photo I.D. must be presented by students.

Meal Plans

The University offers a choice of three meal plans providing unlimited meals or 10 meals per week. These plans are available only when T
